2. Learn about the Potala Palace. Know about its location and construction.

Process and method

1. Exercise children's operational and thinking ability by helping Qobo solve difficulties in the journey.

Emotional attitude and values

1. Help Qobo reach the Potala Palace. Establish a personality that isn't afraid of difficulties.

Curriculum introduction

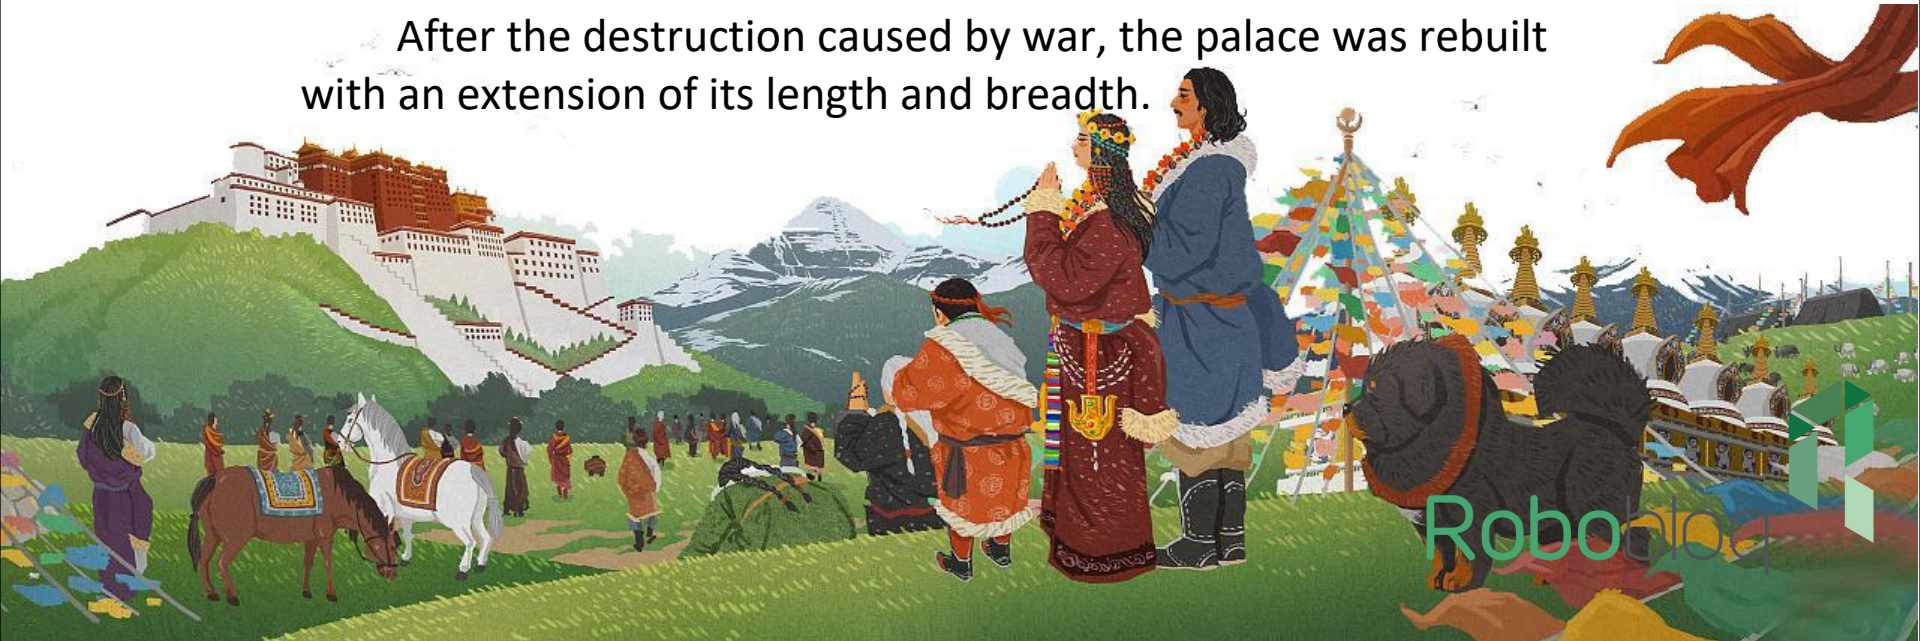

Taj Mahal was built in the memory of the wife of Shah Jahan, who was the emperor of Mughal dynasty of India. The Potala Palace, which is situated in the Qinghai-Tibetan Plateau, is the highest in altitude and most majestic palace in the world.

Curriculum introduction

Around 1300 years ago, King Songtsen Gampo of Tubo dynasty built the Potala Palace on Red mountain of Lhasa for marrying princess Wencheng. Afterward, because of war, the palace was built several times

After the destruction caused by war, the palace was rebuilt with an extension of its length and breadth.

Curriculum introduction

The Potala Palace, which is praised as "bright pearl at the roof of the world," is located on the grand Qinghai-Tibetan Plateau.

Mount Qomolangma of Qinghai-Tibetan Plateau is the world's highest peak, with 8848 meters height. The top is covered by ice and snow throughout the year. The landform is very steep and high and looks like a brilliant pearl when sunshine irradiates on the peak.

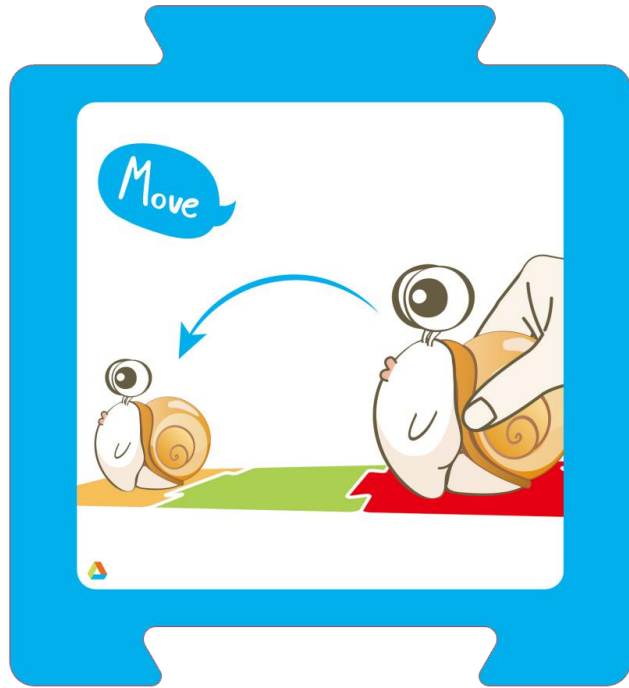

Curriculum introduction

For Qobo, the Potala Palace of Qinghai-Tibetan Plateau is full of challenges. Mountain block and cold climate cause difficulties. Qobo needs to overcome hardships. So, how do we help Qobo?

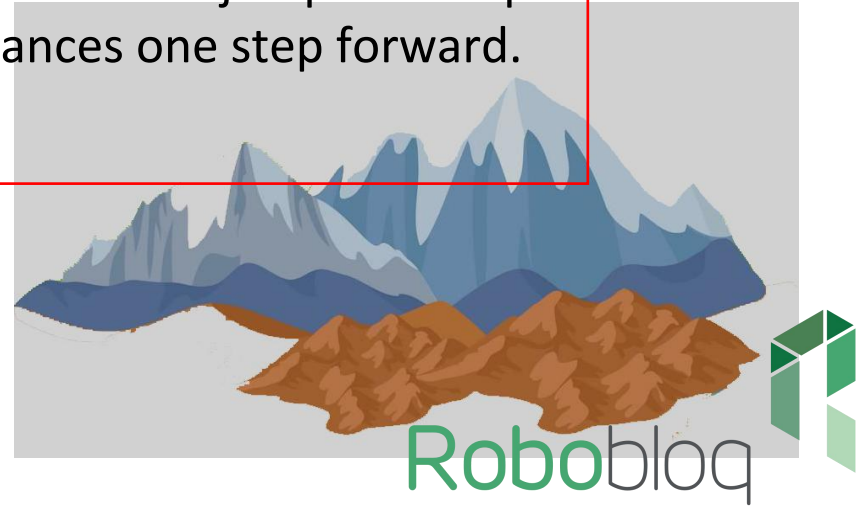

Roboblog

Card explanation

Helping movement card:
Qobo stops when it is on the helping movement card and waits for us to take him to jump one step. It then advances one step forward.

Hands and brains

Qobo is blocked by a mountain when it is on the way. It needs our help to pass that block.
Use helping movement card to help Qobo cross the mountain.

Hands and brains

Does Qobo reach the Potala Palace successfully?
Did you find the difference between helping movement card and other cards during the process of building route?

Task challenge

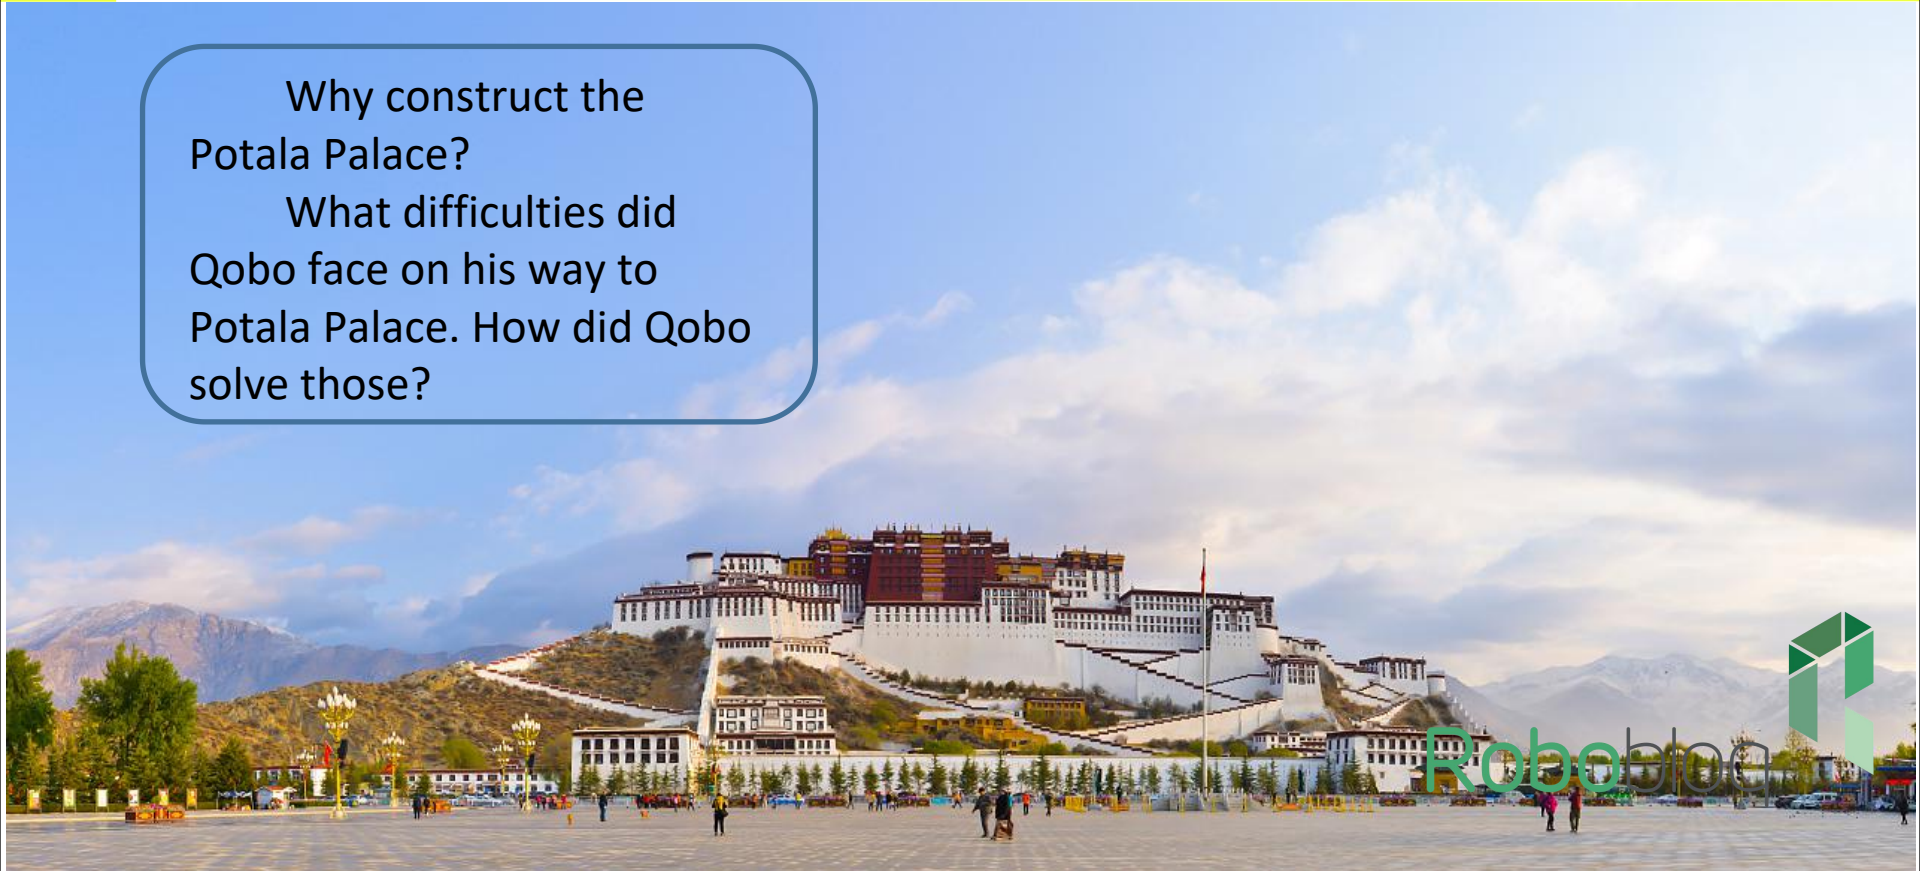

Children, in addition to mountain block, the cold climate is also a problem that we need to overcome. On the way, we need to help Qobo move. Besides, we also need an apple and banana to supply energy.

Try to build a new route by adding the apple card and banana card.

After-class sharing

Why construct the Potala Palace?

What difficulties did Qobo face on his way to Potala Palace. How did Qobo solve those?
